One Month	1.00
One Year	10.00

Go and see Ed. and Judd at the Exchange Hotel Barber Shop. 32.-tf

Frost is falling in the mountains nearly every night now.

Sterns new store in East Las Vegas opened yesterday.

Another car load of cedar shingles just received by RUPE & CASTLE.

Dust is the prevailing atmospheric ingredient at the present time.

The store houses of ISIDOR STERN, both in East and West Las Vegas are crammed full of New goods.

ISIDOR STERN possesses a splendid business talent and knows how to sell lots of goods at small profits.

Plies a growing more plentiful and more insistent as the time, for their departure from this mundane sphere, approaches.

Sunday schools are now held every Sunday in both the new and old towns, these institutions should be liberally supported.

Fruits of all kinds and from all parts of the United States almost, are plentiful on the streets. The railroad works a great change in that direction.

The walls of J. Rosenwald's new dwelling are well up. It will be a nice house in which to live and is well situated and convenient to water.

This has been an unusually dry season, in this vicinity this season. In places where the grass grew knee high last year it is not more than an inch or so this summer.

J. Rosenwald & Co. will commence removing their heavy stock of goods to-day to their new building where they have splendid rooms, the best and most commodious store rooms in the town.

Mr. J. Reitz, whose store is two doors east of the Parker House, has been having large sales in boots and shoes lately. Mr. Reitz has a large stock of Ladies shoes on hand, which he offers at cheap rates.

Messrs Hubbs & Jones have their Bakery and Restaurant fairly under headway in Hays building south of the plaza. They are doing a good business.

Depositions in the Lindell case are still being taken. A large mass of testimony has been accumulated but nothing of startling importance thus far.

W. G. Ward is building an extension to Rupe & Castle's building on railroad street, when completed the building will be 170 feet long. He is also building an extension to the Delmonico restaurant, and is putting up a nice six room cottage, on the hill for Mr. Blake.

The business of dealing in tickets has very unexpectedly assumed large proportions, but then the men who come here don't want to go back and so sell all of their unused tickets. E. W. Sebben the ticket agent can sell a ticket to a person wishing to go east at very low figures.

There are a great many voyagers to Las Vegas. Many come here to make a permanent home. They build houses large and commodious, and then they go to the furniture store, off A. O. Robbins in the Baer building and stock up with a complete line of furniture, mattresses, Queensware, glassware, table lamps, side lamps etc. They make good bargains in this doing.

Mr. W. G. Dickenson who is making the improvements at the Hot Springs returned yesterday morning to look after the work and let further contracts for improvements. He states that there is a vast amount of inquiry throughout the east in reference to the Hot Springs here. Although no advertising has yet been done except through the GAZETTE, yet he is daily in receipt of piles of letters relating to them.

Serenaders

A select party of ladies and gentlemen, gifted with music, and with gaiety in their hearts, in imitation of the troubadours of old, made merry the small hours of last night by serenading their friends. They honored the GAZETTE office with a visit and a couple of their best selections. They were a gay party, and such good music is to be appreciated. It goes a long ways towards rounding out the pleasures of life. Come again and welcome.

Dr. Arnold's opening of City Hall.

Dr. Arnold was greeted with a large house and it was by far the best entertainment yet given in Las Vegas. His Violin Solo was most excellent and showed a most wonderful control of bow motion. The hall was beautifully lit up and decorated, and every one present was so delighted, that by request of the audience as a whole will give another entertainment to-night. Admission reduced to 25 cts. Reserved 50 cts.

I. O. O. F.

At a meeting of members of the Independent order of Odd Fellows last night at the Masonic Hall, it was resolved to organize a lodge of that Fraternity in this city. They appointed proper committees and have sent on for the necessary charter.

PERSONAL.

Richard Dunn is in town.

W. R. Morley has gone down the line again.

Rev. Thomas Harwood came over from Tiptonville yesterday.

W. E. Carr went east on the train last night for a short visit east.

Mr. S. T. Marsh a prominent citizen of Newton Kansas was among the arrivals in town yesterday morning. He is favorably impressed with the country.

Mr. and Mrs. J. S. Duncan, were among the visitors in town yesterday. They are at present residing in Tiptonville, but will remove to Vegas when they can procure a suitable house.

Messrs. Mart Stockton and Al Cook two of the most prominent young men of Larned Kansas are doing Las Vegas and this portion of New Mexico with a view to studying its advantages and resources.

Col. Belger, Lieut. De Lany, Post Quartermaster; Mr. Herring and S. A. Nicholson, Gov. telegraph operator at Ft. Union were over from Fort Union last night. Col. Belger expresses himself as well pleased with Las Vegas.

Mrs. Alberger, wife of the general superintendent of the Hannibal & St. Joe. Railroad, with her sister came in on a special car yesterday morning. They expected to meet at Trinidad the general Freight Agent and General Eastern Agent of that road but failing to do so, Col. Dickenson accompanied them to this city and showed them the Springs and Las Vegas.

Col. Dickenson will pay the contractors at the Springs while here. During his visit east, he purchased all the furniture and outfit complete for the bath house. He inspected the bath houses in Chicago, and on comparing this with the bath houses in that city and those of the Hot Springs of Arkansas, he has no hesitation in pronouncing this the best arranged and most complete bath house in America.

The New City hall in East Las Vegas was opened last night by Dr. Arnold whose unrivaled entertainment drew a large crowd, as it always does. The hall was built by Charles Moley but is now occupied by Messrs Parson & Clark. A stage had been erected at the end of the hall with curtains lights etc. The hall which is spacious and lofty should be kept for public meetings.

GRAAF & Co. keep always on hand a large supply of groceries, fresh and dried fruits of all kinds, the best of fresh bread and it is a good place to go for a square meal.

The planing mills in Las Vegas still keep up their merry clatter.

ISIDOR STERN has been receiving new goods every day for the last two weeks.

A. M. McLaughlin has opened a drug store in the building with Rathbone, the shoe dealer.

Mr. Strossman is building a house on the rear of E. W. Sebben's lot.

WANTED.

Three good bakers immediately at the Las Vegas Bakery and Restaurant two blocks south of the Exchange Hotel.

We call attention to J. Gist's new Blacksmith wagon and outfitting shop in another column. Mr. Gist is located on the east side opposite the warehouse of Brown & Manzaneros and is prepared to do horse shoeing, setting tires, axles etc. on the most scientific principle. Give him a call.

A HACK FOR PASSENGERS

Runs for this House to and from the Depot.

LOTS FOR SALE AT THE HOT SPRINGS OF NEW MEXICO.

The completion of the Atchison, Topeka & Santa Fe Railroad to Las Vegas and the Hot Springs and the fact that they, the greatest corporation of the age, have recently become the owners of these Springs, their policy being to spare no money to make the ground attractive, and to furnish ample Hotel and Bath accommodations to meet the demands of their patrons. By their grand system of advertising, and the liberal spirit that they have always shown toward the traveling public, makes it an accomplished fact that the Hot Springs of New Mexico is destined to become the greatest Sanitation and Tourist Resort in America.

Remarkable Springs

although until within a few years comparatively unknown to the outside world, have a local reputation which antedates the present century, and from time immemorial have been resorted to as the "Great Silex" by the natives of this Territory. The mineral constituents of these waters closely resemble those of the Hot Springs of Arkansas, and the famous Thermal Springs of Europe. The Pledges in the valley of the Rhine, and the Pledges, the popular resort of France, situated in the valley of the Vosges Mountains, and the Leux, in the picturesque valley at the foot of the pass over the Jura Mountains. At these springs thousands of invalids visit annually, and are

Cured of the Diseases of the Blood

Skin, stomach, paralysis, gout, rheumatism, gravel, Catarrh, and female complaints be both by and drinking the water. People visiting the Hot Springs of New Mexico have been cured of all the above diseases, and even more. It is the invalid's paradise. The great Sanatorium of the world for lung diseases. The atmosphere is clear and dry, and pulmonary and miasmatic complaints are scarcely known.

The proportion of deaths from consumption here being smaller than in any state or territory in the Union. The mean annual temperature at these Hot Springs is 50° Fahr, being at an elevation of nearly 6400 feet. Summers are cool, nights from 55° to 60°, and the winters are remarkably mild and dry, the temperature seldom falling below the freezing point. The rainy season is in July and August. These Springs are located in about 35 degrees of north latitude, which makes the climate mild and temperature unmarked by extremes either of heat or cold. The bracing air, its mountains, the gorgeous picturesqueness of its canyons and valleys combine to make it one of the most pleasant resorts for tourists. Only 36 hours ride from St. Louis. After leaving La Junta, Colorado, until reaching the Springs the traveler sees spread before him a vast panorama of mountain, valley, and rocky canyons, stretching hundreds of miles. No better place can be found for the stock-grower to live and raise his family than at the springs.

With all of the above advantages the duldest of comprehension cannot fail to see the advantage of an early investment in property in and about the Springs, as there are but a few hundred lots for sale, and they will soon largely enhance in value from the prices now asked.

A Word to the wise is Sufficient.

Write or call at our office in the Baer building in Las Vegas, or at the Springs. MILLS BEECHER & CO.
